

COMPOSITE DOOR COLLECTION

## Transform your home with endless styles .....

Whether you live in a traditional home or modern home we have a composite door to suit. Our door can be tailored to your requirements with various styles, Colour and glass options to choose from.

Designing your new door is easy ..... picking from our glass designs.

**The CadRam** Technology is one of the most popular methods of manufacturing decorative glass around the world and is loved by customers for its stunning looks and by manufacturers for its ease of manufacture.

**fusion Tile** With our range of fused tiles we can now offer a luxury product, manufactured using the traditional techniques, for a fraction of the cost normally associated with fused glass.

## Colour Range of Doors

Chartwell

**Bevels with lead**

Our range of Overlay designs incorporate genuine lead strips, handmade coloured effect films and handcrafted bevelled glass to create 21st century decorative glass.

**Triple glazed**

Our range of Triple Glazed design options are constructed using hand-cut bevels.

escutcheon

# Secured by Design

Our Composite doors have achieved Secured By Design (SBD) approved status. SBD is a UK police initiative supporting the principle of designing out crime. The doors have been tested at a UKAS accredited Test laboratory for compliance with PAS23 & 24. Feel safe with our doors fitted into your Property

The moment that Ultion detects forced entry it activates an attack lock direct into the central cam, this is 'Lockdown Mode'. Even if the most determined intruder gets past Ultion's two sacrificial sections he won't get to the attack lock because it is protected deep inside a solid molybdenum core and secured with a dedicated retaining pin. When Ultion is in Lockdown mode your home and family are safe
